

In the snow

# Dear Mr Reid

When we had three days off school because of the snow, I went out and played in it. I was at my granny's because my mum and dad were at work. Here is what I did;

When I got out there on Wednesday I started to run around in it and then I got a snowball and threw it at my sister. As soon as it hit her we had a snowball fight. It was so much fun!!!! Then, we made snow angels and got snow all over our clothes. My sister and I tried to make a snowman but it was hard. After that, me and my sister got really cold so we came inside and had a hot chocolate. On Thursday and Friday I didn't go out in the snow because it was too cold so I stayed inside and had some fun. We played games and watched TV. We also went to the shop and got a treat.
